INTERVIEW SUMMARY

Sir:

Please find attached an Interview Summary of a telephonic interview held August 31, 2006 in regard to the above-captioned patent application.

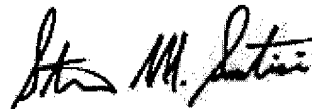

Interview Summary begins on page 2 of this paper.

INTERVIEW SUMMARY

On August 30, 2005, a telephonic interview was held between Applicants' representatives Steven Santisi (Reg. No. 40,157) and Ashish Patel (Reg. No. 53,440) and Examiner Jordan J. Hamann in regard to Application Serial No. 10/015,994. Claims 1, 8, 13, 16 and 19 to 23 were discussed. No prior art references were specifically discussed.

Agreement was reached that (1) independent Claim 1 would be allowable if the phrase "associated with data flows" is added after the term "data frames" on line 4; and (2) independent Claims 8, 13, 16 and 19-23 would be allowable over the relied upon art if amended to include the feature recited by Claim 10. No other matters or references were discussed.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "Steven M. Santisi".
